

Junior Accountant

Who we are and why should you care

Teamleader is a SaaS scale-up founded in 2012 in Ghent, Belgium. We offer an all-in-one platform for CRM, project management and invoicing, helping more than thousands of SMEs work smarter. We're growing at rocket speed, and are enjoying every bit of this rollercoaster ride: in just 2 years, we opened 5 offices in Amsterdam, Berlin, Milan, Madrid, and Paris. Our ambition stretches far and beyond: we want to become Europe's #1 in our industry. Today, our team consists of 180+ people and is still growing strong.

Scale-up, you say? Yes, we are already playing with the big guys. We have the make-it-happen attitude of a startup but the resources and skills of a scale-up. Our team is packed with experts in their field, we have tried-and-tested playbooks to benefit from, and plenty of resources at your disposal.

To keep fueling our growth, we are looking for a Junior Accountant for our headquarters in Ghent.

What an average work week looks like

On a daily basis, you're responsible for analysing, controlling and processing our incoming invoices for the six different countries we're currently active in. What's more, you assist our Credit & Collection team in processing outgoing invoices. You'll provide support to prepare for monthly closing bookings: first for Belgium, later on for all international entities.

Next, you assist in the year-end closing of our different entities and will be involved in budgeting and credit management. Every day is different: ad-hoc finance related tasks and projects will be assigned to you as well.

Sounds like something for you? You would be a great fit if you:

- Have a bachelor's degree in accountancy or bookkeeping
- Have good knowledge of Excel
- Speak Dutch and English fluently (other languages are a plus)
- Have knowledge of analytical bookkeeping (big plus)
- Deal with stress very well
- Are a well-organized person with great attention to detail who's able to work on tight deadlines
- Thrive in a challenging and flexible environment with a variety of tasks on your plate
- Are both an independent worker and a strong team player
- Have great communication skills, both written and verbally

This is what we offer

We are a fast-growing company with a one-of-a-kind company culture. We're an energetic bunch of people. Our HQ office is situated in the thriving location of Dok Noord in Ghent. We have our very own kitchen crew, who prepare sumptuous meals every day. We regularly take some time away from the office for teambuilding activities to bond and mingle. At Teamleader, you have the possibility to join an international team of seasoned experts that believe in the power of continuous learning and self-development.
