

## ***School Intern in the Tax & Legal Department***

### **Description**

*Fancy a rich learning experience in professional surroundings? Build up your knowledge and confidence by observing our specialists at work.*

- Interested in **Tax**?

We give our clients advice about all aspects of taxation, be it corporate or indirect tax, on a Belgian or an international level, and support companies in managing their tax files. We analyse files, solve problems, detect opportunities and are regularly in contact with local tax authorities.

- You can also choose for a combination of **Accounting and Tax**.

Then we assist clients to comply with their accounting, statutory and tax requirements in the broadest sense. We help them to have a good understanding of the requirements and the impact on their organisation, looking at process and technology, data and governance. We will also assist with their general and management accounts, statutory closing and financial statements as well as all corporate and indirect tax reporting aspects.

- Are you passionate about **global mobility and personal income tax**?

We advise HR teams of companies on the tax consequences of employing people both on a local and international level and assist individual taxpayers (both residents and non-residents) in structuring and managing their personal income tax situation.

- Interested in **Employment Law**?

Our Employment Law team helps and advises clients to meet all their administrative obligations while employing personnel in Belgium or while seconding employees abroad (registration formalities, payroll immigration, social security formalities). Our team is involved in restructuring projects and have a special expertise in the various aspects of international mobility (contractual set-up, payroll, immigration, social security and other personal related matters).

- Interested in **HR Consulting**?

Does the consulting world attract you? Are you keen to deep dive into HR topics? Our People & Organisation (P&O) Consulting practice offers challenging and hands-on **HR consulting** school internships. You will be involved in internal and client projects in various HR domains such as Talent & Leadership, HR Technology, Organisation & Change etc.

### **Qualifications**

- You're studying for a bachelor's degree in Accountancy/Taxation, Legal Practice, Social Work, Human Resources, Law or for a master's degree in Accountancy/Taxation, Human Resources, Law, Commercial Sciences, Commercial Engineering, (Applied) Economics (HR option) or Business Psychology.
- You're a real team player with a sense of initiative and you have a critical and analytical mind.
- You are communicative, eager to learn and you are looking to develop and grow further.
- You are able to express yourself fluently in Dutch, French and English.
- The internship forms a **compulsory element of your course**. Your college or university can provide a certificate confirming this.

**Sounds like your profile? Then join us for an internship and get the opportunity to explore the profession you will choose or make a decision regarding your future study programme.**

**Offices**

We have this opportunity at our Brussels, Antwerp, Ghent and Liège office.

**Our offer**

We are looking for interns all year round (as from September until May). We offer an exciting internship in a dynamic international firm.
