

Functietitel: BI Software Developer

BI Software Developer

Content function

As a member of our Business Intelligence team, you will join a team of experienced colleagues who are responsible for the design, development, implementation and support of Business Intelligence (BI) reports.

Your job responsibilities include among other things:

- Gathering, together with BI analysts, the technical requirements to define and adjust the BI report. Assessing proposals in order to estimate feasibility and complexity.
- Designing and developing the actual BI reports according to the requirements made using data from the data warehouse.
- Testing the different functionalities and taking responsibility for a correct implementation of the BI reporting.
- Providing support as required to ensure the availability and performance of developed reports for all users.
- Constantly maintaining and enlarging your professional knowledge, technical skills and insights in our business.
- Maintaining existing systems and integrating new reporting technologies and visualizations.

You will be located in Waregem.

Profile

- You are holding a bachelor degree in ICT or you have relevant experiences.
- Knowledge of SQL is a must.
- Knowledge of Qlikview or Tableau can be very useful.
- You have a strong analytic mindset.
- You're creative and innovative.
- You attach much importance to ownership.
- You are drawn to working with data and to creating compelling dashboard and reports
- You're able to work autonomously on a structured and accurate manner .
- You communicate fluently (written and spoken) in English and Dutch.

Offer

- An exciting position in an international company with a family atmosphere where people are at the centre.
- You are part of a dynamic team, where initiative and entrepreneurship are valued.
- You arrive in an innovative, progressive and technical environment.
- Numerous opportunities for personal development, among other things through permanent guidance and professional (internal/external) training courses.
- A flexible work arrangement with attention for a good balance between work and private life.
- An attractive salary package with extralegal benefits such as group and hospitalization insurance, luncheon vouchers, corporate restaurant ...
