

## Functietitel: 2000 - Business Process Analyst

## 2000 - Business Process Analyst

### **Content function**

Within the business analysis team you will act as the link between ICT and a specific department (Logistics Goods-in/Goods-out - Materials or Automation) within TVH, by analysing the business needs and translating these into functional analyses.

- You map the processes and the information flows of the specific product group in close collaboration with all stakeholders.
- You analyse this information and needs, in close collaboration with your ICT colleagues, and translate this into functional specifications.
- You continuously advise about potential process improvements and about the quality of the used tools.
- You actively collaborate on projects through the timely implementation of the modifications.
- By professionally managing the changes, you minimise their impact in the organisation.
- You will operate from our offices in Waregem.

### **Profile**

- You have a Master's degree in economics, commercial sciences, IT or have relevant experience in the analysis of the corporate needs and the translation of these into a functional analysis.
- Minimum 2 years of experience in business process analysis is an asset.
- You have affinity for and some experience with the general principles of software development.
- You can fluently communicate (speaking and writing) in English. Knowledge of Dutch is an asset.
- You have a strong analytical mind and you are energised by developing a vision based on a profound analysis.
- You are a creative and enterprising person who is not afraid to try out new ideas.
- Knowledge of UML is an asset.
- You are prepared to travel 1 or 2 weeks per quarter.

### **Offer**

- An exciting position in an international company with a family atmosphere where people are at the centre.
- You are part of a dynamic team, where initiative and entrepreneurship are valued.
- You arrive in an innovative, progressive and technical environment.
- Numerous opportunities for personal development, among other things through permanent guidance and professional (internal/external) training courses.
- A flexible work arrangement with attention for a good balance between work and private life.
- An attractive salary package with extralegal benefits such as a company car, group and hospitalization insurance, luncheon vouchers, corporate restaurant ...
