

JUNIOR APPLICATION MANAGER

Sofico is the world's leading supplier of software solutions and services for asset finance, leasing and fleet mobility management. Our software is used at a broad range of renowned leasing companies all over the world. With 30 years of experience, Sofico has developed unparalleled business expertise in the leasing and fleet management industry.

Your Responsibilities

You will be part of a dynamic multi-disciplinary team with a broad responsibility: automated testing, internal systems, ASP for customers etc.

As Junior Application Manager you will have the following responsibilities:

- Provide 2nd line support for the internal units and support technical installations
- Handle the customers' technical questions; write technical documentation regarding installations, performance tests and deploy
- Execute necessary build tasks for our Miles product, set up new build plans for new releases and set up pro branches
- Technical testing of patches and execute patch management tasks
- Manage test automations for deploy-, integration- and performance testing
- Deploy process: execute deploy tasks; provide Miles installations (internally) and keep documentation up to date
- Ensure the monitoring of internal environments, set up monitoring scripts and define needs with internal colleagues
- Execute application management tasks
- Install and follow up new versions of 3th party software

Used technologies: Oracle; MS SQL Server; IBM Websphere, Oracle WebLogic, Red Hat JBoss, Wildfly, Unix/Linux/Windows, Ant scripting, Bamboo, Docker, Artifactory

Your Profile

- You have a Bachelor or Master degree in IT (or equivalent).
- You have experience or knowledge of at least 1 scripting language.
- You work in a structured, methodical and organized way.
- You have strong analytical skills, are flexible, stress resistant and pragmatic. You take initiative and are a motivated team player.
- You're a customer oriented and a great communicator.
- You are fluent in Dutch and English. You document thoroughly and clearly. You have a strong focus on quality and accuracy.

We offer

- We offer you an opportunity within a growing, international company with headquarters in Zwijnaarde and offices in Sydney, Tokyo, Avignon and Houten.
- You get an extensive training and numerous growth opportunities in a dynamic and challenging work environment.
- We offer an attractive salary package including a company car.
