

**Life is short, work somewhere awesome ...
Discover Tobania !**

Sounds interesting ? Keep reading !

Just another testing player on the Belgian market you say? Think twice! Tobania has gathered a team of experts with the ambition to create a specialized testing unit that dares to be different: say hello to Tobania's Specialized Testing Services!

We are looking for talented, tech-savvy people to join our team! Help our clients with solutions in Agile/DevOps, Test Automation, Performance Testing, Mobile Testing and Service Virtualization.

In return we can offer you an appealing salary package, a trendy workplace and everything you need in order to develop your personal skill set.

Do you have a passion for the technical aspect of testing? Join our team and be part of a testing unit that sets the trends instead of following them! As a junior test specialist you will be privileged to enjoy our Test Academy.

So, do you have:

Degree:

- Bachelor or master in IT

Personality:

- Passionate about quality with a focus on the technical aspect of software testing
- Proactive "get the job done" attitude
- Positive, curious, open and continuously self-improving mind set
- You have what it takes to face technological challenges and to identify creative solutions

Languages:

- Full professional proficiency in English
- Full professional proficiency in Dutch and/or French
